

Demand Your Right To Learn!

AONTAS Election Campaign 2007

Over 300,000 people participate in adult learning in Ireland each year.

These learners have a right to a better service than is currently provided.

AONTAS, the National Association of Adult Education, is making 10 key demands in advance of the forthcoming general election.

We, the undersigned, support AONTAS' demands and ask the next government of Ireland to implement these demands in order to provide a better adult learning service.
